

LENGTH

Up to 10.4 m

INTERIOR BOX WIDTH

2.4 m

LEVEL CAPACITY

Up to 46.2 m³

HEAPED CAPACITY

Up to 53.9 m³

AXLE

Tandem / Tridem

FORAGE BOX

RELIABLE FOR YEARS.

JBS Forage Boxes feature heavy-duty construction and quality sandblasting, with primer and paint that lasts.

These boxes also have manual swing doors in multiple configurations.

Designed, engineered, and built to the same exacting standards as our spreaders, JBS forage boxes offer the most flexibility and features to take on even the most challenging jobs.

JBS Forage Boxes unload quickly due to the 1/2 inch low friction flooring.
